

# The Order Prank

"Miss Canel", the waiter budgie added while holding a notepad and quill in his wing, "what could you like to order?"

Savy nudged Tavy who was peering his eyes over the menu and whispered, "Tavy! Select the order! Quick!"

Tavy sighed and closed the menu, looking at the waiter and said, "I'll have deal no.4 and no.5".

"Your order will arrive in about twenty minutes", the waiter boringly states and left the table.

That was when Savy decided to play a prank on Tavy by acting up as a waiter. She thought she could style the feathers on her head in a different style, try to change her tone.

"Tavy", she said to Tavy, "I am going to the bathroom, okay?"

Tavy didn't responded back properly and just muttered a "mph".

So she did that.

By the time she was done, her hair was styled on a full top and she had a mini-practice session for practicing her tone. It certainly did passed her as a full-time waiter. She looked exactly like one.

So she went back towards Tavy.

"Mr Xesos", she called towards in a deep-sounding version of her voice, "your order has arrived". Tavy looked up from the menu he was so deeply absorbed in and looked in "Savy's" direction.

"Thank you sir", Tavy quickly thanked him, getting up and helping up with the "waiter's" tray handling for he was a very kind-hearted budgie. Though, Savy couldn't help chuckling mentally for being called "sir".

Actually, Savy had no idea he was going to help her carry the tray to the table. Tavy quickly noticed that the waiter liked somewhat odd to him...and maybe a bit *familiar*. He looked closely.

"Excuse me sir", politely says Tavy to "Savy", "but who are you?"

Savy had a big plan again forming in her mind. And she was tempt to try it out.

"I am Jedy Koilen", replied Savy in a very deep voice, which sort of looked funny to her. So she gave a little chuckle.

"Sir?", Tavy asked again quietly in confusion, "why are you laughing?" Savy said quickly in her best deep voice, "Oh, nothing".

"Ok", Tavy said, "I was looking for my friend Selemandra. Any chance you have seen her?" Savy shook her head as a "no".

“But you look a lot like her”. Tavy wasn’t sure what to do in this situation. Was it actually Savy or her doppelgänger or something? He wasn’t sure.

“I am not sure sir. I have no clue what you’re talking about”, Savy acted out in a typical waiter’s voice. Tavy was now dripping low. He was hanging his head around low. He was looking low and he was speaking low.

Savy acted as though she looked apologetic and quietly left before Tavy could ask her any further.

“Where’s Savy? Where’d she go to?”, Tavy wondered thoughtfully. He wasn’t gonna start eating unless she came.

Tavy thought about for a moment where she could be.

“She said she was going to the bathroom. But how in the world am I supposed to check in *there?!“*, he said to himself. It was true he couldn’t go there at all. So what was he to do?

He waited. And he waited for a whole ten minutes.

Savy still didn’t come. But do you know where she was?

She was serving other budgies!

They called her upon and when she tried to deny they said that she is the waiter and she should serve them.

What a lovely punishment for a prank! But it did pay Tavy good. For he knew now to pay attention when he comes somewhere. So Savy’s prank didn’t totally backfire.

And she got a little amount of payment, too. When she was finished serving, Tavy who was waiting all along, came to her and they narrated their sides of the story. And Savy got to the manager of the restaurant and told the whole story and the he offered her some payment. Although it wasn't much, it was still a good thing to remember to think twice before playing a serious prank as this one
